

SOLARIZE GARY

Solar. Simple. Together

Cut your Electricity Bill with Green Energy!

From now until July 10th, Gary homeowners and businesses can sign up to install rooftop solar power more affordably and easily than ever through **SOLARIZE GARY**.

When you sign up for **SOLARIZE GARY**, you will receive:

- ☀️ **A free solar site assessment**
- ☀️ **Special **SOLARIZE GARY** group discount**
- ☀️ **30% Federal Tax Credit on installation cost**
- ☀️ **Save \$800-\$900 per year on your electric bill**
- ☀️ **Access to our prequalified, competitively chosen installer - *Midwest Wind and Solar*.**

Learn more at the
SOLARIZE GARY workshop
May 14, 2015, 5:30 – 7:00 PM
Gary Public Library
Woodson Branch (Miller)

How it works:

1. Sign up online at www.solarizenwi.com or at a community workshop.
2. *Midwest Wind and Solar* will contact you to provide a free assessment over the phone.
3. If your site seems suitable, the installer will schedule an in person evaluation of your location. If suitable, you will receive a free proposal and advice on tax credits, financing, and more.

Solarize pricing example

Everyone's situation is different. Our **SOLARIZE GARY** Installer will help you decide what's right for you based on your energy usage and the size of your home. The average home may accommodate a 3-5 kilowatt system.

5 kilowatt Example	Market Price	SOLARIZE GARY Price
Price *	\$21,150	\$17,500
Federal Tax Credit	\$ 6,345	\$ 5,250
Net Price	\$14,805	\$12,250

Financing Available

Many customers choose to pay for their solar system with cash, but there are a number of long term, low cost financing alternatives available, including options that require no money down.

Start saving today and invest in your future by asking our installer about financing options available through local lenders and other institutions.

* Base prices offered through Solarize NWI exclusive of adders required by your specific property.

Or call Midwest Wind and Solar at (219)-714-2488 and tell them **SOLARIZE GARY** sent you!

Solarize programs help build the entire local solar industry, creating good jobs, reducing utility bills, and helping the environment.

Meet your Installer:

Midwest Wind and Solar is a leading installer of renewable energy systems in Indiana, Illinois, Michigan, and Minnesota, headquartered right here in Griffith, Indiana. Their team includes experienced professionals certified by the National Accreditation Board of Certified Energy Professionals.

Call them at (219) 714-2488 or toll free at (866) 430-0518 to find out if your house or business is suitable for solar.

SOLARIZE GARY is part of Solarize NWI, brought to you by the Northwestern Indiana Regional Planning Commission and South Shore Clean Cities.
