Planting Request

How Many Trees are you requesting? (minimum 20 – maximum 100)	
--	--

What are your project goals? What will your trees accomplish? (EAB recovery, energy conservation, etc.)

Do you have specific tree species that you'd like to request?
CommuniTree reserves the right to provide appropriate substitutions.

--

Planting Plan

Who will conduct the planting? (Please include the names of any partner organizations that will be involved in the planting process and briefly describe their role.)

--

Does your organization have tree planting experience? (It is not required; this just lets us know if you may need additional help planning your planting).	
--	--

Has your organization helped organize any other community activities in the past 2 years? If so, what activities? (Examples may include trash pick-up, crime watch, community meals, etc).
--

--

Has the planting team received training on proper tree installation?	
If Yes, from what source?	
If NO, CommuniTree will be offering a training workshop on tree planting and care. Will someone from your organization be planning to attend this 3-4 hour workshop? If so, please list their contact information.	

Who will be responsible for contacting 811 (by phone or online) to check the planting site for underground utilities?		
Name	E-mail	Phone

After planting, your trees will require regular watering and maintenance. (Please see watering and care guide). Who will be the key contact person responsible for making sure this occurs?		
Name	E-mail	Phone

Map Page

Please use this space to draw a map of your planned planting site. Please be sure to label the locations and species of your trees and major intersections.
